CLAIM PROCEDURE

To receive full benefits of this Warranty, Holder must write or call Tyron® for instructions and a claim number before work is commenced. No claims can be made without the original Contract. Tire tread depth at time of claim must be within the tire manufacturers written operating restrictions.

Note: The issuance of a claim number does not mean that a claim has been approved by Tyron®, but only that the Warranty Holder has fulfilled the responsibility of reporting such claim. Tyron® shall not be liable for any consequential harm, damage or injury of any nature whatsoever caused by any failure to repair or replace covered components or by improper repair or replacements. The entire risk of such consequential loss shall be with the Warranty Holder.

- Discovery of fraud or material misrepresentation by the Holder in obtaining this Warranty, or in presenting a claim for service hereunder.
